Ta and Ti passive films Badawy <i>et al.</i>	133	Mild steels	
Corrosion of mild steel in media containing sulphide ions Otero and Achucarro	194	Deviation from bilogarithmic law for atmospheric corrosion of steel Morcillo <i>et al.</i>	50
Influence of sulphide on corrosion of austenitic stainless steels in phosphoric acid El Hajjaji <i>et al.</i>	201	Inhibition threshold in Fe-Ca(OH) ₂ -Cl ⁻ -NO ₂ ⁻ system Ramirez <i>et al.</i>	121
		Inhibition of mild steel by quinones Slavcheva <i>et al.</i>	125
		Corrosion of carbon steel in organic solvent containing fatty acids Liebenberg and Skinner	130

Corrosion of welded Al coated steel in saturated H ₂ S solution	Li <i>et al.</i>	
Corrosion of mild steel in media containing sulphide ions	Otero and Achucarro	
Crevice corrosion: review of mechanisms, modelling, and mitigation	Betts and Boulton	
<i>Stainless steels</i>		
Quantitative analysis, by cathodic reduction, of passive layers on Fe-17Cr alloy	Basile and Lorthioir	31
Film formation and SCC of duplex stainless steel in boiling chloride	Ghosal <i>et al.</i>	
Influence of sulphide on corrosion of austenitic stainless steels in phosphoric acid	El Hajjaji <i>et al.</i>	
Biocompatibility of Ni-Ti shape memory alloys	Dutta <i>et al.</i>	
New multiple specimen potentiostatic system: Part 1	Lenard <i>et al.</i>	
New multiple specimen potentiostatic system: Part 2	Lenard <i>et al.</i>	
Crevice corrosion: review of mechanisms, modelling, and mitigation	Betts and Boulton	
<i>Stress corrosion cracking see also Environmentally assisted cracking</i>		
Film formation and SCC of duplex stainless steel in boiling chloride	Ghosal <i>et al.</i>	
Corrosion of Ni-Resist cast irons in sea water	Malik <i>et al.</i>	
<i>Sulphur</i>		
Correlation between sulphur content and corrosion resistance of nickel alloys	Vicentini <i>et al.</i>	
<i>Surface analysis</i>		
Quantitative analysis, by cathodic reduction, of passive layers on Fe-17Cr alloy	Basile and Lorthioir	31
<i>Tantalum</i>		
Ta and Ti passive films	Badawy <i>et al.</i>	133
<i>Tin</i>		
Tin corrosion in citrate and bisulphate solutions of varying pH	Chan <i>et al.</i>	53
<i>Tinplate</i>		
Tin corrosion in citrate and bisulphate solutions of varying pH	Chan <i>et al.</i>	53
<i>Titanium and titanium alloys</i>		
Ta and Ti passive films	Badawy <i>et al.</i>	133
Biocompatibility of Ni-Ti shape memory alloys	Dutta <i>et al.</i>	217
Crevice corrosion: review of mechanisms, modelling, and mitigation	Betts and Boulton	279
<i>Welds</i>		
Exfoliation of welded high strength Al alloys	Oñoro and Ranninger	137
Corrosion of welded Al coated steel in saturated H ₂ S solution	Li <i>et al.</i>	149
Corrosion of Ni-Resist cast irons in sea water	Malik <i>et al.</i>	209
<i>Wrought iron</i>		
Corrosion of Riotinto Pier at Huelva	Herrera <i>et al.</i>	253
<i>Zinc and zinc alloys see also Galvanised steel</i>		
Effect of pollution on atmospheric corrosion of zinc	Costa and Vilarrasa	117
